PRIVATE PLACENT THAT RAISED \$449,500

Dartmouth, Nova Scotia, December 12, 2002- William A. MacPherson, P.Eng, President is pleased to announce that American Manor Enterprises has closed its non-brokered Private Placement in which it raised \$449,500.00 from the issue of 1,284,286 units. Each unit having a share priced at \$0.35 and a warrant priced at \$0.50. There is a four month hold on the shares issued as part of this Private Placement. The proceeds will be utilized for working capital and for work programs on the Company's projects.

The Palo Seco Lease 4 Trinidad project in partnership with Moonsie Oil & Gas has an Environmental Impact Study (EIS) underway that is expected to be completed by the end of December. Plans are to apply for a drilling license for two of the eleven development drilling locations once the EIS is completed.

American Manor Enterprises Inc. is participating in two oil wells being drilled by Val Vista Energy in Alberta. The Company will have an 18.0% working interest in a well being drilled in the Manyberries Area and a 60.0% interest in a well in the Conrad Area. The first well is currently being drilled in the Manyberries and the second should start in early January.

American Manor Enterprises is also in the process of acquiring a 5.0% interest in Prince Edward Island on the No.96-06 lease held by Rally Energy, Shannon International Resources and others. American Manor Enterprises initial participation of \$300,000.00 will give the Company a 5.0% interest in the first two wells to be drilled and a 5.0% interest in the whole lease, 116,279 acres. American Manor Enterprises will be acquiring it's 5.0% from the 25% interest held by Shannon International Resources. Drilling is expected to start in Prince Edward Island in early January 2003.

The Toronto Venture Exchange has in no way passed upon the merits of the press release and has neither approved nor disapproved the contents of this press release.

William A. MacPherson, P.Eng., President American Manor Enterprises Inc.
